SCENE SUMMARY

Explain what is happening in each of the scenes below and why the event is so significant. Think about what each one reveals about the characters. Use the example to guide you.

This is the moment Francis finally confronts Larry Lasalle after waiting months for his return. Francis has every intention of killing Larry Lasalle when he turns up at his tenement. However, Francis underestimated how it would feel to see his former hero again. Larry is extremely fragile in this scene in stark contrast to earlier in the novel. This is an extremely significant moment in the novel because Francis has the opportunity to avenge Nicole but this is not how this encounter unfolds. Francis is not capable of murder despite the hatred he feels for Larry and instead Larry tells Francis he plans on killing himself, thus, you could argue, saving Francis from himself.
