

PPE examinations Timetable

These examinations are an opportunity for you to **show off what you already know and can do** in each of your subjects. They are also an opportunity for you to **receive important feedback** about what you need to do next in order to **secure your target grades**.

It is important that you put your **best effort** into the examinations.

Please take notice of the bullet points below:

- Morning exams will start at 9:15am. You are expected to attend registration and break time as normal. At the end of break, you are to remain seated in the canteen.
- Afternoon exams will start at 12:15. You are expected to remain seated in the canteen after lunch.
- When you do not have an exam, you are expected to attend lessons as normal. The timetable has been organised so that you should not miss out on those subjects without exams, for example, Engineering, Art, Graphics and Textiles.

Before each exam:

- remain seated in the canteen;
- put your phone and watch safely in your bag;
- take out any exam equipment you require (you must write in black pen).

You will then be called into the examination venue. Take your bag with you. You will be asked to place it at the front of the room in which you sit the exam.

After each exam:

- remain seated in the exam venue at the end of the exam;
- when you are dismissed, leave quietly (others may be sitting a longer exam and still be working);
- remember to take your bag with you;
- **you are expected to return to the lesson you would normally have.**

It is **natural** to feel **nervous** about exams.

If you think you are feeling more worried than you should be – or – are struggling to prepare for the exams – or – feel you just need a bit more support, please talk to us. 😊

PPE examinations Timetable
