Applying for A Levels

Apply online at: www.nptcgroup.ac.uk

Go to the search bar and type in one of the A Level subjects you wish to apply for e.g. French. Just click on the white '**Find a Course and Apply**' button on the right hand side to start your application.

You'll be studying three or four A Levels, but you only need to apply for one. You can either click 'Apply Now' from a particular subject page or you can apply from the A Level / AS Level - All Courses page. There will be an option to add your additional subjects in the application form.

If this is your first time applying to the College, you'll need to create a Prospect account so make sure you have an e-mail address ready.

Your username will be the first part of your e-mail address (the section before the @).

Passwords must be at least nine characters long and contain at least one uppercase, one lowercase and one number.

Once you have completed the form and clicked register, a pop-up will show you what your username is – but you will also receive an e-mail confirmation. Once you have clicked 'register' you can continue with your application. Simply fill out each stage step-by-step. If at any point you need any help, College staff are always on hand to help via telephone, e-mail or social media!
