

26th March 2021

Dear Parent / Carer

Re: Year 11 Centre Determined Grades – Assessment Arrangements Summer 2021

You will be aware that in the absence of the 2021 exam series, and ongoing disruption to teaching and learning, schools will be determining the GCSE grades awarded to learners in the summer of this year.

Grades awarded will be on the basis of demonstrated attainment in areas of the qualification that a learner has covered.

The standard expected for any particular grade is no lower than in previous years but the volume of work completed will inevitably be lower. This means that learners will be awarded the same grades having covered different proportions of the specification.

In order to make a fair and accurate judgement on the grade awarded to each learner in each subject, a range of assessment information will be gathered, assessed and moderated. This range of evidence will vary from subject to subject but could include classwork, online work, coursework and in-class supervised assessments.

Following the Easter break, pupils will be undertaking a range of assessments in the subjects that they follow. We will use the outcomes from these assessments, together with other identified assessment information, to help determine a learner's grade in each subject. Your child has been given an assessment plan for each subject and a folder of resources to help them prepare over the Easter break.

Once all assessments have been completed, which will be no later than 28th May, they will be internally moderated and quality assured, prior to learners being informed of their provisional results on **Thursday 17th June**.

Confirmed results will be issued by WJEC on Thursday 12th August.

Our Assessment and Quality Assurance Process Policy can be found on the school's website.

Should you have any queries, please contact the school where we will be happy to assist.

Kind Regards
Shaun Clarke
